

RAVI RANJAN

FULL STACK DEVELOPER (SDE1)

Experienced full stack developer passionate about scalable web applications that can serve millions of users without fail.

PROFESSIONAL EXPERIENCE

Antino Labs, Gurgaon — Software Developer

MAY 2023 - PRESENT

Antino Labs, Gurgaon — Associate Software Developer

APRIL 2022 - APRIL 2023

Deliver high-quality, robust production code for a diverse array of projects for clients including INeuron, Devlabs Alliance, Casha, Travel Hangouts, Top Faculty, and more

Work alongside creative people to lead research, development and architecture of technical solutions to fulfill business requirements.

Collaborate with designers, project managers and other engineers to transform creative concepts into production realities for clients and stakeholders.

Lead multiple projects and provide training and mentorship to the new joiners in order to help them grow and learn quickly.

Startoon Labs, Hyderabad — Software Developer

JULY 2021 - MARCH 2022

Startoon Labs, Hyderabad — Software Developer Intern

APRIL 2021 - JUNE 2021

Developed a product management and inventory management system for the internal processes of the company using NodeJS, MongoDB, Express, and EJS for the templating of the Frontend UI.

Developed an invoicing tool to easily generate invoices for the products sold reducing the effort made on invoicing manually by 60% using HTML, JS, and Excel parsing.

As a sole engineer in the team I was responsible for the complete software lifecycle from requirement gathering to deployment of the new product features.

Regular maintenance of the company website and feature updates using php, javascript, mysql.

Developed a dashboard for the company which is being used for the product usage and sales analysis using NodeJS, MongoDB, Aggregation and EJS for the templating of the frontend.
